

Video 650 Is trash recycled in your country?

Fill in the matching gaps with the following items:

thankfully, fined, recycled, guy, are, remember, since, which, different, cans, easier, from, properly, definitely, environment, do, mainly, away, that, cardboard

Hi, my name is Sarah. I come _____ England, and my question is trash _____ in your country?

So the answer to that is yes. We _____ do recycle in England. It is starting to _____ get a lot more serious and, you know, people _____ really starting to recycle more, especially _____ now, I think that you can be _____ quite a lot of money if you don't recycle _____ in the U.K. As of now, I think we have three _____ types of trash that _____ get recycled: plastic, glass, and _____, I believe are the three different things _____ we recycle right now.

We also have, like, three different trash _____, which are different colors to help you _____ which type of trash goes into _____ type of trash can. And yeah, then the garbage _____ will come and collect it, take it _____, and they are separated, which makes it _____ to recycle and to better help the _____.

So yeah, we definitely _____ recycle in England.
